

## How Do I Change My Major to a Liberal Arts Major?

It really depends on what Liberal Arts major you want. Many majors require no admissions requirements, but some CLA majors do have applications or criteria that must be met before you can declare.

Here are some helpful steps we suggest before you make any decision on a major:

### Step #1:

Do your research! Examine our website to get more information on your desired major. The website is: <http://www.cla.auburn.edu/>. Click on “Students” for major and minor information.

### Step #2:

Go talk to a departmental representative about your major of interest. This will allow you to find out what specific requirements there may be to get into that major. Also, if you have any questions, this would be the best person to ask. Major contact information is on the back of this sheet.

### Step #3:

If you are not a current Liberal Arts student and the major you choose **does not** call for admission requirements to be met, then you should report to your current college Academic Advisor to get your academic file and a change of major form (green form).

If you are not a current Liberal Arts student and the major you choose **does** call for admissions requirements to be met, then you must wait until you are officially accepted into that major before you can declare. Once officially accepted into that major, go to Step #4.

If you are a current Liberal Arts student, then go to Step #4.

### Step #4:

Make an appointment with a Liberal Arts Academic Advisor. Go to our website at <http://www.cla.auburn.edu/>. Click on “Students” and find the link for the Appointment System. When your appointment time comes, report to 2238 Haley Center.

Be sure to come prepared with any questions or necessary materials from the previous steps.

## Limitations for Being Undeclared (UNLA)

Students wishing to become an Undeclared (UNLA) major in the College of Liberal Arts must be aware of the limitations of this classification.

- If a student wishes to declare UNLA, they must have fewer than 45 completed hours (including both transfer and all other earned credit).
- Students wishing to transfer into Liberal Arts may not be UNLA if they will have completed 45 credit hours by semester’s end.

## What is a Change of Major Form?

This form is only necessary if you are transferring into the College of Liberal Arts. It is a “green form” that is partially filled out by you and your current college Academic Advisor. We need this form and your academic file to officially change your major.

## Majors With “No” Admissions Requirements

Anthropology	History
English	Philosophy
French	Philosophy ~ Religion
French-International Trade	Theatre (Liberal Arts)
German	Spanish
German-International Trade	Spanish-International Trade

## Majors With Admissions Requirements
